New Creation Church Campus Security continues to place a high value on the safety of our partners and guests. Recently there has been a trend of vehicles parking and taking up two spaces, which does not allow for another vehicle to park in the adjacent parking space. Please remember to be courteous to partners and guests. **Park respectfully** in each parking space in both the upper and lower parking lots. Observe that all handicap designated parking spaces must have a placard displayed or license plate symbol. Do not park in spaces not designated for parking. We appreciate your cooperation in keeping our campus safe for our partners and guests.
